MLA, EDAC, LEED Green Associate

VP of Emerging Professionals, St. Louis Chapter
American Society of Landscape Architects (ASLA)
National ASLA Emerging Professionals Committee

My work centers around the development of strategies for the regenerative performance of project sites and systems. In the field of landscape architecture and urban planning, I have endeavored to align multi-scalar design intentions and partnership capabilities in order to maximize site performance.

CURRENT POSITION

Designer at SWT Design STL, MO (2013 - Present)

I have contributed to project work as a production staff team member, project designer, and project manager.

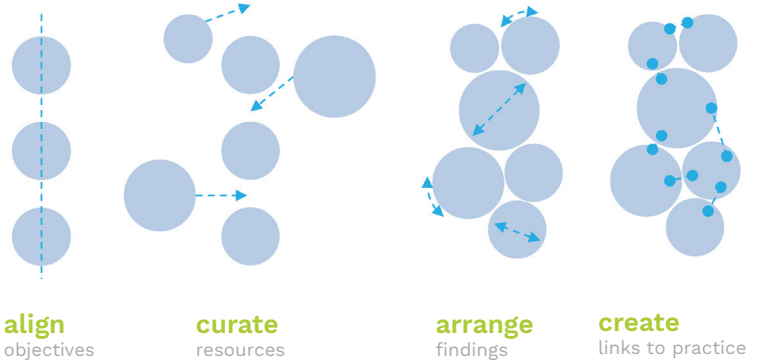

Client work has included site and district master planning, strategic design, resource management analysis, and streetscape and campus site design.

SKILLS

Evidence-based Design, Landscape Architecture, Urban Planning, Research, Report Writing, Stakeholder Engagement, Literature Reviews, Data Representation, Cost Benefit Analysis, Systems Thinking

Proficient in: Adobe Creative Cloud, AutoCAD, LandFX, Rhino, 3DsMax, ArcGIS, Excel, Prezi, Deltek Vision, EndNote, Zotero
